

Dr. Uwe Geier

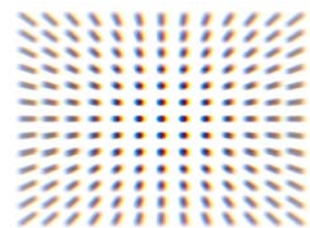

Dr. Uwe Geier received his Ph.D. degree in agricultural science from the University of Bonn in 2000. Since 2007 he has been head of quality development and on the board of Forschungsring e.V.

From 2008 to 2015 he was research coordinator for the German Demeter Association.

Dr. Geier is also a member of the FQH-International Research Network for Food Quality and Health and, since 2016, manager of the WirkSensorik GmbH ([www.wirksensorik.de](http://www.wirksensorik.de)).
