

LSPC16 Speaker: Mónica Elizabeth Vega Vazquez

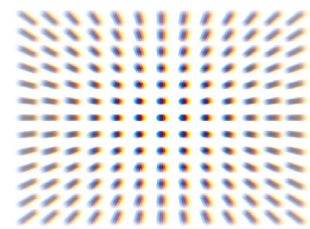

Monica Vega obtained a bachelor's degree in Architecture from the Centro de Estudios Superiores de Diseño de Monterrey (CEDIM, Monterrey, Mexico) in 2008. She has worked with the private sector as creative project manager for several interior design agencies in Monterrey and as a sales representative consultant for a lighting company in Mexico City (Biro). Currently, she is studying Architectural Lighting Design at Universidad Autónoma de México (UNAM, Mexico City).

In 2015, Monica founded her own design firm *LumLum Iluminación* where she has designed and managed projects for commercial areas (primarily hospitality projects).

Monica's research interest is focused on coexistence in urban environments and the way each individual collaborates with others to shape their public space and city.
